

Members Update 21st December

Given the update from the Scottish Government on Saturday, travel restrictions will remain in place with the exception now Christmas day only. East Lothian like all counties in mainland Scotland will also move into tier 4 as of 26th December. This change will mean the clubhouse and locker rooms will close from the 26th to the 16th Jan. Please note that limited toilet facilities will remain open as per dates below and check in for tee times can be made at the rear window of the pro shop as per arrangements earlier this year. Moving into this higher level I must urge all members that do not live in East Lothian not to visit Craighielaw or to book times during this period, failure to abide by the rules could have repercussions for the club.
