

Members Update January 25th 2023

Turkey Trot 11th Feb 8.30

Please note that the Turkey Trot Shotgun event that was cancelled in December has been rescheduled for Feb 11th at 8.30am. Entries are now open for the event please call the pro shop to register your team on 01875 870800, any individuals wishing to play please call the pro shop and the pro shop team will try to arrange a game for you. Members with playing rights on the main course are all eligible to enter the event.

Flooring

The week commencing the 6th Feb will see work carried out on the flooring to the members lounge, restaurant and the corridor past the bar. The work is likely to go on for 2 weeks and will start in the members lounge. Whilst the members lounge is being worked on in the first week there will be sufficient tables and chairs in the main area of the clubhouse for members to use. In the second week when the restaurant is being worked on it may be that we have to open up the members lounge for a short period of time to non-members. We have reduced the business taken over this period to keep any inconvenience and disruption to a minimum.

Course

February and March are always tough months for the course with no growth and all the wear and tear from the past few months visible. We would urge all members to respect the roped off areas.

The 11th hole still has some minor work to be completed but we now wait for growth so that the area fully recovers after the work carried out.

The work being carried out on the bunkering on the 14th hole is also nearly complete and we would ask you to again respect this area so that it can fully recover.

Subscriptions

We are in the process of starting our renewals for the season ahead. I would ask all members to make sure that the contact details held on file at the club are up to date. Subscription notices will go out in the middle of February for the start of our membership year (1st April).
