

## Members Update 11th March 2020

Following the First Ministers announcement in Parliament and after clarification from Scottish Golf, 4 balls from 4 different households will be permitted from Friday 12th March. It was disappointing that there was no easing of the travel restrictions but there is to be another update in Parliament next week where it is hoped that we all get some clarity on dates when our members from out with East Lothian can start to visit the club again.
